Letter of Recommendation

Date: 21 December 2024

To Whom It May Concern,

I am writing to strongly recommend **Kanishka Mohata** for any professional opportunities in the field of software development and frontend engineering. Kanishka joined Antriksh.AI as a **Frontend Developer Intern** and has successfully completed her **six-month tenure** from July 20, 2024, to December 20, 2024.

During her internship, **Kanishka** displayed a remarkable aptitude for problem-solving and a keen eye for design and functionality. Her responsibilities included designing and developing user-centric websites and mobile applications. Some of her standout achievements include:

1. Developing complex and interactive platforms such as the Rich Solar System Website and VitalStep Mobile App.
2. Delivering highly polished, responsive designs for professional services like law firms, chartered accountants, and corporate websites.
3. Successfully deploying production-ready websites using technologies like Next.js, React Native, and Flutter.

Kanishka consistently demonstrated a proactive attitude, excellent collaboration skills, and an eagerness to learn and adapt to new challenges. Her ability to translate ideas into functional solutions has been an invaluable asset to our team.

I am confident that Kanishka will continue to excel in her future roles and bring value to any organization she becomes part of. Please feel free to contact me for any further information regarding her performance during the internship.
